Employment is for Everyone

**“RMBC Supported Employment/Internship Events”**

**June 2024**

### Wednesday 26<sup>th</sup> June – Supported Internship Event

Jodie from the Employment is for Everyone team attended the RMBC Supported Internship Event last month to go and promote our work to individuals looking to make their first steps into employment.

It's great that the RMBC are putting on events like this so young people have a place to go and get the information they need in order to make decisions on their future.

*"I had many people come up to me for a chat, took flyers, and said they are going to look at our website which is all great to hear. I do feel that there needs to be more awareness about getting young people into paid work though and events like this is a great start."*

**- Jodie Bradley, Co-Founder of EifE**

### Friday 28<sup>th</sup> June – Supported Employment Event

Jodie again, along with Steve attended the Supported Employment event the following Friday and presented to roughly 35-40 people from many different employers in various sectors. The event was really positive and hopefully it leads to lots of opportunities created in the future.

*"I presented about all things Employment is for Everyone and Steve then talked about the training that he will be delivering to employers. It was a brilliant day and there was many other people also presenting about what they've been doing in their organisations too. The audience were really proud of me winning my award and it's also great to hear about all the other stuff going off locally too."*

**- Jodie Bradley, Co-Founder of EifE**

*"The event last Friday was very informative and insightful. It was well organised, and all presenters were very direct and delivered the information in a way that was easy to understand and digest. The information that stood out for me was how little percentage of neurodiverse people in the region are in employment. I think the most positive outcome for me was the amount of employers present, and the opportunities they have been exposed to, and appear to embrace."*

**Luke Walton, Training and Engagement Office, RMBC**

*"I really enjoyed listening to the presenters speak so passionately about neuro diversity and employment. I learnt a lot from the event. It was clear that a lot of work is currently being completed to ensure opportunities are available in the workplace that support neurodiverse people, which was so fantastic to hear."*

**Danielle Whalley, Employer engagement  
Officer, RMBC**
